## JOHN T. JOZWICK, ESQ.

### CFCC

### EXECUTIVE VICE PRESIDENT & GENERAL COUNSEL

John Jozwick is Executive Vice President and General Counsel for Rider Levett Bucknall (RLB) North America. In his leadership role, John also manages the advisory services area of RLB North America, providing project consulting services, claim analysis, expert opinion, construction defect forensics, dispute avoidance, and Alternative Dispute Resolution (ADR) as a mediator, umpire, and arbitrator.

With over forty years of experience in the construction industry, John provides advisory services to owners, contractors, subcontractors, design professionals, sureties, lenders, insurance carriers, and attorneys relating to construction projects, disputes, dispute avoidance, and dispute resolution. His experience in the construction industry has been broad and extensive. He has experience as a Project Engineer, Owner's Construction Representative, Attorney, Consultant and Expert Witness, and ADR Provider. During his career, John has been involved in a wide variety of construction projects and disputes including bridges, roads, transit, utilities / infrastructure, civil, residential, multi-family, office, hotel, casino, commercial, mixed use, industrial, educational, courts, hospitals, marine facilities, ship repair, and shipbuilding.

Being responsible for RLB's North America advisory services, John oversees the investigation and expert opinions in areas that include: claims for additional compensation / requests for equitable adjustments; schedule / delay claims; loss of efficiency / cumulative disruption analyses; identifying scope and costs to complete / repair a project; breaches of contract / terminations; performance and payment bond claims; and construction defects / forensic investigations. He has provided expert testimony at trial, mediation, arbitration, and administrative hearings relating to these areas of advisory services.

This background has given John a unique and balanced perspective. He has hands-on project experience and has experience as an owner's representative to representing contractors and subcontractors. John has represented both plaintiffs and defendants as an attorney and as an expert. As a trained and experienced professional in ADR processes, John provides services as a mediator, umpire, and arbitrator of construction disputes. Most importantly, John is an advocate of dispute avoidance processes. He is trained and experienced as a Dispute Resolution Board (DRB) Member and Project Neutral. He has qualified as a DRB panel member for Department of Transportation projects in Washington, California, Nevada, and Wisconsin. Further, John has provided Project Neutral services for vertical, industrial, and horizontal construction projects exceeding Seven Billion Dollars (\$7B).
