On January 1, 2015, the changes to the Arizona Transaction Privilege Tax system substantially altered how many of us do business in this state. February 2, two bills (one in the House [HB 1446] and one in the Senate [SB 2590] were introduced to clarify and better define this new law. Valley of the Sun Chapter of CFMA, in cooperation with other industry associations, will host a panel discussion to clarify and update contractors on these new legislative proposals.

This seminar will review the current law, as interpreted by DOR in TPN 14-1 and explore in detail the legislative changes that impact current law; comparing and contrasting the two, and identifying the improvements and clarifications that will be enacted, assuming the legislation is passed into law.
