CFMA Outing - Buffalo Rock Brewing Company

Our CFMA chapter invited all members and spouses to a get together at Buffalo Rock Brewery in Waterville, Ohio. There were around 15-20 people that attended. It was a great opportunity to enjoy conversations and network with fellow members. We enjoyed snacks and many of their homemade beers. There is usually at least one food truck if you prefer a more substantial meal.

buffalorockbrewing.com

Hope you will join us at our next event!

Recent pictures from our Post-Strategic Planning Meeting at the Toledo Mud Hens game last month. Strategic planning was followed by a second meeting at Put-In-Bay. Our steering committee knows how to spin two wheels at once -- having fun together *and* taking care of business!

MESSAGE FROM THE CHAPTER PRESIDENT

With the weather starting to cool, kids going back to school, and football season here, it can only mean one thing – our CFMA chapter meetings will be starting up again!

As most of you know, we hold our monthly meetings every 3rd Thursday of the month from September through May. (Get those dates in your calendar!). Hopefully with COVID mostly behind us we will start to see more of you at the meetings.

You should start receiving informational emails from northwestohio@cfma.org – please check your spam folder as we find a lot of email systems block our email address.

We have already started planning great meeting topics that will hopefully be of interest to you. We will be having topics such as cyber security, succession planning and area economic development, just to name a few. If anyone has a topic that they would like to see, PLEASE feel free to let one on the steering committee know – our meetings are for YOU members and we want to bring topics that are important to you all.

Don't forget about our big event - our 30th Anniversary Party!! Make sure to put October 6th on your calendar now!!

My personal goal this year, as well as the Steering Committee, is to see more of you at our monthly meetings. I have met so many great people by being involved in this chapter who I now consider personal friends as well as peers in the industry that I feel I can reach out to for professional growth. I would also like to see more of you get involved on our committees. None of them take too much time, but the relationships you build are immeasurable.

Thank you for letting me serve as your President this year. Can't wait to see ALL of you at our September meeting.

Teri Goins

MESSAGE FROM THE GOLF CHAIR

This year's CFMA Scholarship Golf Scramble at Brandywine Country Club featured a great turnout, unique prizes (Kayak anyone?), generous support and arguably the most ideal golf weather in the 28 year history of the event! This all added up to a fun day of golf, elevated networking and over \$20,000 in scholarships raised for the University of Toledo and Bowling Green State University accounting students- Awesome!

Many thanks to our financial benefactors representing not only some of the areas Elite Contracting firms, but also the web of professional services that round out our CFMA community including: CPAs, Bankers, Law Firm representation, Insurance and Surety Brokers and Carriers, Equipment Dealers and IT specialists. In other words, the "who's who" in our construction marketplace – Thank you!

In addition to our benefactors and golfers, the outing would not happen without the full support of our CFMA Steering Committee Board, innovative Admin assistance and a very dedicated Golf Committee. In regards to our Golf Committee, special thanks are in order for our veteran committee members, as well as, our new volunteers alike: Bob Bobek-Gilmore Jasion & Mahler, Tom Nemeth -Hylant, Jennifer Marquardt – US Utilities Contractors, Chris Kasper- Rudolph Libbe Cos, Justin Chapman- Campbell (Newby in charge of weather!), Dianna Franz - UT, Terence Pitre- BGSU and special helpers, Lori Miller- Miller Bros Const and Cheryl Koeniger- AA Boos & Sons.

Hope to see everyone back next summer, tentatively planned for Monday, July 24th!

Jim Lortie Golf Committee Chair

2022 Golf Tournament

The 28th Annual NW Ohio CFMA Golf Tournament was a great success! Thank you to all of our participating teams and sponsors. We'll see you again next year!

Tom Nemeth - Programs *Hylant*Tom.nemeth@hylant.com

Ryan Leininger – Membership Gilmore Jaison Mahler, Ltd. rleininger@gjmltd.com

Ryan Whitman – Secretary Rehmann ryan.whitman@rehmann.com

Terry Moore - Treasurer

Miller Bros. Const., Inc.
terrymoore@mbcholdings.com

Ryan grew up in Waterville, Ohio. He went to Waterville for grade school and graduated from Anthony Wayne high school. He graduated from BGSU with a Bachelor's in Criminal Justice. He then went on to get his Master's in Business Administration with a specialization in Accounting.

Before working at IPS he worked at Frostbite Brands in Toledo, OH doing cost accounting and production scheduling.

Ryan started in construction accounting at IPS Contractors (IPS), when there was an opening where his brother worked. At the start of in his career at IPS, Ryan worked in the office as Assistant Controller. When IPS work increased at one of their large clients, Ryan moved out to one of their job sites to organize and track all aspects of cost accounting related to the jobs. Eventually, he returned to the main office, now in the Financial Controller position where he works closely with the Chief Financial Officer.

On a personal note, Ryan has been married to Amber for 6 years. They have two beautiful daughters; Olivia who just turned 5 and Kinslee who is about to turn 3. During the summer you will find him hanging out by the pool enjoying the company of his family and friends. If he is not hanging poolside, you can find him on the golf course in his spare time or cheering on the Wolverines.

Ryan was previously a member of CFMA of Northwest Ohio. He re-joined in June of this year. He plans to be more involved in CFMA this year and attend monthly meetings. He also looks forward to meeting the current members and being able to learn from and share our different experiences in this industry.
